Moira Corradini

As a junior developer skilled in HTML, CSS, JavaScript, React, SQL, and GIT, I'm ready to kickstart my career in front-end development. Seeking an entry-level position to grow and enhance my skills, my passion for crafting user-friendly experiences through code drives me to keep learning. Confident in my abilities, I'm excited to contribute to a team of talented developers.

---

WORK EXPERIENCE

Self Employed

Volunteer Software Developer

- Currently engaged in volunteer software development projects as a junior developer, with a current focus on designing and building a website for an artist. Utilizing JIRA and FIGMA for project planning and design, and employing React for front-end development. Passionate about gaining practical experience and enhancing skills through hands-on projects

Corradini-Murphy's House

Parental Responsibilities   June 2015 - January 2022, Irby, Wirral

- During parental leave, I cared for my children and upskilled with Esol levels 1-3. Post childcare, I pursued a Web Development Bootcamp at Bath Spa University, along with courses at FreeCodeCamp and Code First Girls, advancing toward a software development career.

Costa Coffee

Barista   September 2013 - May 2015

- Stock taking, ensuring adherence to health and safety regulations, and providing exceptional customer service has led to increased customer satisfaction.

Private dentist

Dentist assistant   January 2010 - May 2013, Italy

- As a dental assistant, I assist in diverse procedures like fillings, crowns, and extractions. Trained in dental impressions for mouth molds, I also prepare patients for surgery and operate equipment during procedures.

Enjoy srl

Set Designer   June 2003 - January 2007

- As a lead set designer, I directed and worked alongside a small team to create visually appealing sets for various musical productions. Ensuring staying within budget and overseeing construction, I ensured the sets aligned with design specifications.
